MISSION:
Sustainable development through environmental research and education

SOIL SCIENCE FACULTY
ENVIRONMENTAL STUDIES AND RESEARCH

TRANS-DISCIPLINARY APPROACH

ENVIRONMENTAL SCIENCE

AGRICULTURE AND AGROECOLOGY
AGROINFORMATICS
RADIOECOLOGY AND ECOTOXICOLOGY
SOIL BIOLOGY
SOIL PHYSICS AND MELIORATION
SOIL CHEMISTRY
LAND RESOURCES AND EVALUATION
AGROCHEMISTRY AND PLANT BIOCHEMISTRY
SOIL EROSION AND RECLAMATION
SOIL GEOGRAPHY

PEDOLOGY

soil.msu.ru

Soil Science Faculty provides education and conducts research in the areas of environmental and soil science and technologies

Dean's office: +7-495-9392947, International office: +7-495-9392129

Lomonosov Moscow State University
EDUCATION LEVELS

Bachelor:
• Soil Science
• Ecology and Natural Recourses Management

Master of Science:
• Soil Science
• Ecology and Natural Recourses Management

PhD:
• Soil Science • Ecology • Agrochemistry
• Agrophysics • Microbiology

MBA:
• Natural Recourses Management for Food Security

FUNDAMENTAL KNOWLEDGE

PRACTICAL SKILLS

FIELD PRACTICE AND RESEARCH

JOB PROSPECTIVES

Our graduates are employed in:
• Agricultural enterprises
• Agrochemical and environmental laboratories
• Universities and research institutes
• State and private environmental agencies
• Oil, mining and industrial enterprises
• International development and environmental organizations
• Ministries of Agriculture, Natural Resources, Foreign Affairs, Justice
• Non-governmental organizations
