

TRANS-DISCIPLINARY APPROACH

ENVIRONMENTAL SCIENCE

AGRICULTURE
AND AGROECOLOGY

AGROINFORMATICS

RADIOECOLOGY
AND ECOTOXICOLOGY

SOIL BIOLOGY

SOIL PHYSICS
AND MELIORATION

SOIL CHEMISTRY

LAND RESOURCES
AND EVALUATION

AGROCHEMISRTY AND
PLANT BIOCHEMISTRY

SOIL EROSION
AND RECLAMATION

SOIL GEOGRAPHY

PEDOLOGY

Soil Science Faculty provides education and conducts research in the areas of environmental and soil science and technologies

MISSION:

Sustainable development through
environmental research
and education

SOIL SCIENCE FACULTY

ENVIRONMENTAL STUDIES
AND RESEARCH

Lomonosov Moscow State University

EDUCATION LEVELS

Bachelor:

- Soil Science
- Ecology and Natural Resources Management

Master of Science :

- Soil Science
- Ecology and Natural Resources Management

PhD:

- Soil Science • Ecology • Agrochemistry
- Agrophysics • Microbiology

MBA:

- Natural Resources Management for Food Security

Admission:

<http://soil.msu.ru/eng/admissions>

FUNDAMENTAL KNOWLEDGE

PRACTICAL SKILLS

FIELD PRACTICE AND RESEARCH

JOB PROSPECTIVES

Our graduates are employed in:

- Agricultural enterprises
- Agrochemical and environmental laboratories
- Universities and research institutes
- State and private environmental agencies
- Oil, mining and industrial enterprises
- International development and environmental organizations
- Ministries of Agriculture, Natural Resources, Foreign Affairs, Justice
- Non-governmental organizations
